

N-HETEROCYCLYLPHENYL-SUBSTITUTED CYCLIC KETOENOLS

ABSTRACT OF THE DISCLOSURE

The invention relates to novel N-heterocyclylphenyl-substituted cyclic ketoenols of the formula (I)

in which CKE, W, X, Y and Z are as defined in the disclosure,  
to a plurality of processes and intermediates for their preparation and to their use as pesticides and/or herbicides and/or microbicides. The invention further relates to selective herbicidal compositions comprising firstly the N-heterocyclylphenyl-substituted cyclic ketoenols and secondly a compound which improves crop plant tolerance.
